Introduction

Dear colleagues!

We cordially invite you to the 6th Congress on Gynaecology and Obstetrics "Gyndolomiti", held in St. Kassian, South Tyrol, Italy.

We will continue our path to view women's health as an integral, comprehensive perspective throughout her entire life cycle.

Besides **oncology** and **pregnancy** one of this year's top priorities will be **endocrinology**. We are looking forward to welcome some of the most renowned scientists in this field to St. Kassian.

There will be opportunity to attend **workshops** of small groups of up to 10 persons, for which we ask you to subscribe in advance. **Posters on the main topics of the meeting may be presented.**

The conference is held under patronage of the Federal Section of Gynaecology and Obstetrics of the Austrian Medical Chamber.

We are looking forward to welcome you in St. Kassian,

Prof. Dr. Wilfried Feichtinger & Prof. Dr. B.-Joachim Hackelöer
