

Gyndolomiti

11th Congress on
Gynaecology and Obstetrics

February 2–7, 2025

St. Kassian / South Tyrol

www.gyndolomiti.com

Preface

Dear Colleagues,

we look forward to welcoming you to the Gyndolomiti conference again in 2025. We have designed an extensive program that reflects the diversity of all gynaecological fields. Well established standards as well as new, future-oriented options for diagnostics and therapy will be presented by internationally recognized experts. We are also once again offering workshops for junior doctors – an opportunity for small group discussions with specialists.

And, as always, there is enough time for personal discussions and conversations with the speakers in the stimulating environment of the Dolomites.

*Hoping to see you in San Cassiano,
on behalf of all co-organizers*

*PD DDr. Michael Feichtinger
Prof. Dr. B.-Joachim Hackelöer*

General Information
